Functionality in Emergency Situations

As a reseller, the Company relies upon its underlying facilities-based carrier for functionality in emergency situations. The Company obtains from Sprint/Verizon, via an agreement with Boomerang Wireless, LLC d/b/a Ready Mobile, the network infrastructure and wireless transmission facilities to allow the Company to operate as a Mobile Virtual Network Operator ("MVNO"). Through this agreement, the Company provides to its customers the same ability to remain functional in emergency situations as currently provided by Sprint/Verizon to its own customers. As Tier I carriers, Sprint and Verizon have redundancies, back-up generator power and an extensive disaster recovery program. The Sprint and Verizon wireless networks have reasonable amounts of back-up power and the ability to reroute traffic around damaged facilities and manage traffic spikes resulting from emergency situations. As an MVNO of Sprint and Verizon, these capabilities benefit Stand Up Wireless customers.

Service Quality and Consumer Protection

The Company is committed to satisfying all applicable state and federal requirements related to consumer protection and service quality standards.
